A young bride who lives above a bank with her husband, who is the assistant manager, innocently sends a mail order off for some Scandinavian glassware. What comes instead is Scandinavian pornography. The humor revolves around what is to be done with the veritable floods of pornography, photographs, books, films and eventually girls that threaten to engulf this happy couple. The matter is further complicated by the man's mother, his boss, a visiting bank inspector, a police superintendent and a muddled friend who does everything wrong in his reluctant efforts to set everything right, all of which works up to a hilarious ending of closed or slamming doors. This farce ran in London over eight years and also delighted Broadway audiences.

### *Treasure Island (Adventure/Drama)*

By **Ken Ludwig** from Robert Louis Stevenson's novel.

Director: **Fred Hardin**

Auditions: **May 23 & 24**

Play-dates: **July 8, 9; 14, 15, 16, 17 (Mat); 21, 22, 23**

**Produced through special arrangement with Samuel French. Inc.**

It is truly one of the greatest adventure stories of the English Language. Written by Robert Louis Stevenson in 1883, the classic *Treasure Island* has everything needed to create an exciting story: rogue pirates, a dangerous ocean voyage, an exotic tropical island, strange and mysterious characters, and best of all a treasure map showing where pirate's treasure has been buried. This is a superlative dramatization, with worlds of excitement. You know them all, Jim Hawkins, Long John Silver, Squire Trelawny, Captain Smollett, and Ben Gunn. The action grows from the Admiral Benbow Inn, where the old sea captain is given the death mark by the pirates. Young Jim Hawkins falls heir to the treasure map, and soon sails with his masters to the treasure island. The ship is manned, though they know it not, by a crew comprised mostly of pirates. Jim's friendship with Long John Silver proves a delicate balance as a mutiny arises, and a fight on the island ensues. A truly exciting play.

Dr. Henry Jekyll is a brilliant scientist frustrated by his dull "respectable" life in 1888 Victorian London. He creates a formula to unleash his inner bestial nature, transforming him into the brutish but oddly compassionate Edward Hyde. Hyde lives the high life while Jekyll's middle-aged normalcy continues -- until Hyde's passions begin to turn up a body count. This is the classic story by Robert Louis Stevenson about one man's triumph and tragedy over the dark side of his personality.

Her attempts to achieve this goal are thwarted by the condo owner's fiancé, who is bursting to prove his virile masculinity. All of this combined with the little old sex-pot who lives next door with her deadly herbs and a scorpion named "Shirley", along with the international police on the trail of the mysterious "Phantom" and a rival real estate agent who will don any disguise in his attempts to steal the listing, keeps things popping as this hilarious story progresses. Oh, yes! And the owner—who is dead and is laid out on the sofa! An uproariously funny farce!
